be sick and called one of the stewardesses back and asked for her help and he drew a knife on her. He said 'this plane is going to Cuba,' and she said 'well, you're kidding me.' He said, 'no, we're going to Cuba.' Immediately we changed directions and flew directly to Havana Airport. We spent about three hours in Havana airport, under guard and we couldn't leave the terminal. After they got our names and everything, they fed us and took us for a four-hour bus ride to another airport."

Owens said while they were waiting on a plane to take them back to Miami, "they took us to a restaurant, fed us, wine and dined us."

Identified by the company as also on the hijacked Whisper jet were Mr. and Mrs. Walter Daniels, Mr. and Mrs. Roy Gross, Mr. and Mrs. Dave Murphy, Mr. and Mrs. Bud Shreeve, Mr. and Mrs. Charles Stroud, Mr. and Mrs. Durwood Clark, Mr. and Mrs. Stanley Gordon and Mr. and Mrs. Gary Chenaui.

The Strouds are from North Little Rock, the Shreeves from Batesville and the others from Little Rock, Union Life said.

E. M. Arnold, president of Union Life, had intended to take the flight, but missed it because of influenza. The flu also sidelined Clyde Scott of Little Rock, who had intended to make the trip, the company said.

AID TO FAMILY (from page one)

down the street and he's asking for Ruth."

"I love you," Sansoucie told her. These were his last words. Letters and donations started coming that weekend after the grand jury association announced it had started the fund. In the first week they had come from 22 states.

A professor of English from Ames, Iowa, pointed up the irony of Sansoucie's name and deed.

"Coincidence plays a great part in our human affairs, but I am struck by the ironic fact that Mr. Sansoucie's name, in French, sans-souci, means 'easy-going,' 'without a care in the world.' A man who would stop his car to aid someone in distress seems to me to elevate the idea of sans-souci almost to sainthood."

One letter contrasted Sansoucie's act with the case of Kitty Genovese, the 28-year-old woman attacked three times by the same man in New York one night in 1964. Thirty-eight people watched without acting while the man took a half-hour to kill the woman.

None of those 38 people had died trying to help, Sansoucie had.

"You can't blame others for not wanting to help for fear of their lives," an 80-year-old woman wrote in a letter accompanying her \$5 check.

But another said, "Thank you for giving us a hero in a day of cowards."

And another said Sansoucie's sacrifice proved two things. One of them was, "It does not pay to become involved and this makes me very sorry."

Many letters expressed frustration about what one writer described as our laws which give "every advantage to the criminal."

"It is disturbing to me, as I am sure it is to others, that we can no longer feel safe on the streets or in our homes, I feel, however," another wrote, "that there is no chance for this to improve until power is restored to our police and law enforcing bodies."

While five elderly ladies, members of the grand jury association, sorted the letters and counted up the money, a St. Louis police officer stood watch.

STRANGE SIGHT in Saigon and probably a first for these South Vietnamese youngsters. American GIs made the snowman from ice shavings out of a military cold storage plant, adding a cap and muffler.

Guild Seeks \$250 a Week in AP Strike

NEW YORK (AP)—The strike of the Wire Service Guild against The Associated Press went into its second day today. A federal mediator scheduled separate meetings with the two sides after a joint session Thursday resulted in no announced progress toward settlement.

The news agency continued to supply its basic services in 50 states and throughout the world, including general, state, sports and financial news as well as photos and newswriters. The work was done by executives, exempt employees, non-Guildsmen and some Guild members who chose not to join the strike.

The AP, in a suit filed in State Supreme Court here, sought to enjoin the United Telegraph Workers from leaving their jobs in observance of picket lines established by the Guild at AP New York headquarters and at bureaus across the country. The union was ordered to show cause today why the injunction should not be issued.

The Newspaper Guild of New York issued a citywide bulletin supporting the strike and directing members to refrain from handling Associated Press copy. When some members refused to handle the copy, The New York Post, The New York Times and The Daily News filed charges of unfair labor practices against the Guild with the regional office of the National Labor Relations Board.

The Guild represents 1,313 editorial, photographic, clerical and other employees of the AP throughout the country. Negotiations have been under way for five weeks. The old contract expired Dec. 31, but was extended six times until Wednesday night when the Guild broke off negotiations and subsequently called a strike for 8 a.m. Thursday.

The AP offered a three-year contract calling for a \$250 weekly top minimum salary for experienced newsmen, photographers and some other classifications at the start of the third year. The Guild's last proposal called for a \$264 top minimum.

AP General Manager Wes Gallagher said the central issue in the strike was the guild's demand for a modified union shop and that "I believe an AP man should be free to join a union if he wants to, but I do not think we should coerce him to do so."

Guild spokesmen contended that the modified Guild shop was only one of nine points still at issue.

Two Guild members in Detroit complained to the National Labor Relations Board there Thursday that the Guild had conducted a strike vote without giving AP staff members full information on bargaining developments. The complaint also said the Guild members supported a motion to ask for a national membership vote on the final AP contract proposal and that such requests "were either ignored or given little consideration in the final prestrike hours."

LOS ANGELES (AP)—Some questioning of prospective jurors in the Sirhan-Bishara Sirhan trial will be conducted behind closed doors, the defense says.

Grant B. Cooper, one of three lawyers defending the 2-year-old Jordanian charged with murdering Sen. Robert F. Kennedy, revealed plans for the secret questioning during an impromptu news conference Thursday at the end of the third day of Sirhan's trial. The trial was in recess today. Jury selection is expected to start Monday.

Cooper said Judge Herbert V. Walker wants prospective jurors cross-examined individually in the privacy of his chambers in areas "of a sensitive nature."

Cooper defined as sensitive any questioning about opinions prospective jurors might have on Sirhan's guilt or innocence—"What they may have seen on television or read in the newspaper."

But Cooper said questions about the death penalty would be asked in open court. He said the secret questioning was "unprecedented in this jurisdiction."

Sirhan appeared for the nine-minute court session, then retired to the judge's chambers with defense attorneys and prosecutors to hear private testimony from radio newsmen about publicity in the case.

The defendant was dressed in a new blue-gray suit and tie. He was accompanied by two guards.

The Lilac Garden Club opened 1969 with a meeting January 7 in the home of Mrs. W. R. Burks. For the program Mrs. Roy Taylor showed colored films of wildflowers in our immediate area taken by Cecil Bittle. In the absence of the president, Mrs. Taylor, vice-president, had charge of the business meeting. Mrs. Herbert Stephens and Mrs. Alf Eason were club guests, and the hostess served cake, nuts, and coffee to 10.

Coming, Going

Mr. and Mrs. Lloyd Thrash and family have returned to Dallas after being with Mr. and Mrs. Willis Thrash and the Melvin Thrash family during the recent holidays.

Mrs. Guy Basye has been called to Arkadelphia to be at the bedside of a son, Phillip Gilliam.

Sgt. Larry Lawrence arrived from Castle AFB, Calif., before Christmas for a visit with his mother, Mrs. L. T. Lawrence, and other relatives and will conclude his leave next week when he reports to an assignment at Cam Ranh Bay, Vietnam, on the 16th.

Humphrey Names

CHICAGO (AP) — Vice President Hubert H. Humphrey has been elected a member of the board of directors of Encyclopaedia Britannica, Inc., and Encyclopaedia Britannica Educational Corp., and will be chairman of the board of consultations of the educational company. The election was announced Wednesday by William Benton, publisher and chairman of the firm.

Television and Radio

By CYNTHIA LOWRY
AP Television-Radio Writer

NEW YORK (AP) — Amid all the carefully-arranged ceremonies surrounding the Apollo 8 astronauts in the White House on Thursday, there came a delightful interruption that may have been slightly disruptive but which charmed the daytime television audience.

Eighteen-month-old Patrick Lyndon Nugent suddenly broke away and started to run toward his grandfather, President Johnson. After a moment of complete paralysis, his mother hurried forward, scooped him up and departed, looking a little grim.

The episode detracted not one whit from the honor being paid to the intrepid moon travelers, and it gave the proceedings a pleasant, informal warmth.

The three astronauts were the daytime stars of Thursday television. The three networks assiduously covered first the ceremonies with the President in the White House East Room, then the astronauts' speeches before Congress, followed by their news conference. The men handled the long day in the public eye with easy poise, wit and humor.

Tom Jones, an attractive young Welshman with a big voice and a wiggle reminiscent of early Elvis Presley, had his hour early in the evening on ABC — A London-taped special that is alleged to have persuaded the network to sign him to fill out the remainder of this season with a weekly show.

Jones is a strong and sure performer but his special seemed less a television show than a taped version of a nightclub or theatre appearance. Jones constantly seemed to be projecting to the back rows instead of to the camera or microphone.

The hour was loaded with music, with the star belting out his songs on a big, busy stage. But the show gave the viewers no chance to know the man, and since this kind of intimacy is vital to TV survival he will have to add another dimension if he expects to compete with established favorites.

Juliet Prowse had one dance number, Dick Cavett turned up with some mild jokes, the Fifth Dimension sang a couple of their hits and a French Girl, Mireille Mathieu, did a solo and a duet with Jones.

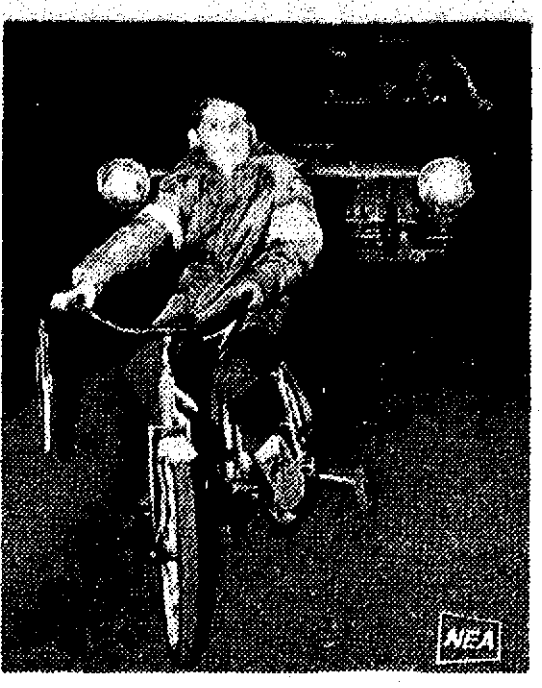

The hour unfortunately was dreadfully reminiscent of so many variety shows that came — and went — a season or so back.

Eric Hoffer, the Longshoreman-turned-philosopher, will make a return visit to CBS Jan. 28 for another talk with Eric Seavard. Hoffer's appearance last season was one of the highlights of the network's weekly news hour shows.

More Cleaning Power

Prewash or soak heavily soiled items. This provides more cleaning power than simply lengthening the wash time.

Safety Beams for Youngsters

To combat the appalling upward trend in children pedestrian accidents, a new "Safety" parka has been created that's snugly warm, fun to wear and beams out its own warning to oncoming motorists. Made of Oxford nylon, the parka has two bold stripes of "Scotch-lite" tape circling each arm. These make an attractive trim in daytime (left) and reflect light in the dark (right). The shell is waterproof-coated and the lining is cotton-back acrylic pile.

HUSBANDS

(from page one)

only cops who have foot trouble anymore are those who get million arches standing in one place directing traffic. The chief police occupational ailments seem to be backache and kidney problems from jumping around for eight hours in patrol cars.

The more time a fellow spends boasting of his ancestry, the less time he has to do something that his posterity will be able to brag about.

You can bet that an executive who is so busy he carries two briefcases home from the office each night will never be board chairman of his firm. He'll be a heart attack case himself before he's old enough to be eligible for the job.

Panhandlers annoy many people but I always feel sorry for them, no matter what cheap bums they may be. I feel that if you could read between the wrinkles in the heart of any man who holds his palm out for help, you couldn't escape wanting to hand him a hundred dollars instead of the soiled quarter that makes you a two-bit philanthropist.

In the average war the farther you get away from the battle front the higher is the degree of optimism. That is what makes the war in Vietnam so unusual. Here the pessimist is deepest on the homefront, but the closer you get to the battle-line the higher the morale is. It is questionable whether we as a people actually devalue the bravery of our men who are doing the fighting—and with a minimum of complaining.

Can't Realize His Dream

WASHINGTON (AP) — Daniel Jackson Oliver Wendell Holmes Morgan says he can't realize his dream of arguing law before the Supreme Court. Morgan, who posed as a lawyer for years before being sent to prison in 1961, asked the court Wednesday to appoint a lawyer for him. He pleaded poor health due, he said, to "uncivilized treatment" at Leavenworth federal prison. Morgan's appeal, expected to go before the Supreme Court in a month or two, grew out of his claim that he was drugged, battered, clubbed and choked at Leavenworth. His imprisonment and early release had not removed his taste for litigation.

Nixon Calls in Cabinet for Talks

By WALTER R. MEARS
Associated Press Writer

NEW YORK (AP) — President-elect Nixon set his Cabinet to work today on a two-day round of conferences that will help shape the program he puts before Congress.

Nixon is going back to work himself, primarily on his inaugural address, after a 56th birthday trip Thursday to Northampton, Mass., for a family party. He received a pair of gold cufflinks from his wife; the promise of a red Irish setter from his staff; socks, neckties and pajamas from his daughters and a telegram from President Johnson.

The lead-off session in a series of Cabinet conferences with 22 Nixon advisory groups will be the meeting of Atty. Gen. — Designate John N. Mitchell with the task force on crime and law enforcement. Dist. Atty. Evelle J. Younger of Los Angeles heads that group.

Other sessions were scheduled to cover education, public welfare, government organization and health. Secretary of State-William P. Rogers; Robert H. Finch who will be secretary of health, education and welfare, and Postmaster General-designate Winston Blount were the other Cabinet members due to participate in today's sessions.

A crucial issue due up later in the sequence is the 10 per cent income surtax which will expire June 30 unless it is renewed.

Nixon at one point said it should lapse on schedule, but has since conditioned his tax policy on future budget and economic conditions.

The 22 task forces have, since election day, drafted reports for the new administration on an array of federal problems. Nixon is receiving summaries of their findings.

Boy 15, Plans to Write Own Autobiography

NEW SHREWSBURY, N. J. (AP) — Arthur Bryan Cooper, who has led a busy life, has decided it is high time he wrote his autobiography. So what? So Arthur is only 15 years old.

The high point of Arthur's career to date came when a paper he wrote was one of 50 chosen, out of 1,300 submitted, to be read at the recent 12th General Assembly of the International Geographical Union in New Delhi.

Thinking it over on the return flight from India the lanky high school junior decided that he should produce his life story while the facts are fresh in mind.

"He told me," said the boy's father, Louis, a businessman, "that he will start the story when he was 12 years old and became a member of the National Geographic Society."

"That year he attended the society's annual convention in Washington by himself, making his own travel and hotel arrangements and spending two weeks alone in the capital."

Arthur, a bespectacled straight-A student with an I.Q. of 176, is basically a geography buff, but has other wide ranging interests.

He plays soccer, basketball and tennis, swims expertly and has been an Eagle Scout since he was 14.

"He also corresponds with a couple of girls, although he doesn't tell us much about that," said his father.

The paper Arthur submitted to the International Geographical Union was a treatise on the contributions early religious travelers made to Western knowledge about Asia. The other scholars were astonished when a 15-year-old kid stood up to read it.

"There weren't too many questions afterwards," Arthur told a reporter, "which means that no one took objection to what I said, so I guess I was —"

"My Compass"

Gadgets or God

Scientific achievements of the world in recent years could very easily detract our minds from our Creator. Wonders of the laboratory have captured the adoration of all peoples. Lest we forget, and lest we start placing our dependance for livelihood in the marvels of science, let us take a second look. *"For by him were all things created that are in heaven, and that are in earth, visible and invisible, whether they be thorns, or dominions, or principalities, or powers: all things were created by Him, and for Him: and He is before all things, and by Him all things consist."* Col. 1:16, 17. Then let us stay with our true creator — let us serve Him. Let us attend and support His church.

Community-minded sponsors listed below urge you to go to church - give your soul - smothered by many worldly interests - a chance to breathe.

WASHINGTON (AP) - University of Colorado scientists reported formally today there is no evidence Unidentified Flying Objects are visitors from outer space and suggested dropping further investigations.
"Our general conclusion is that nothing has come from the study of UFO's in the past 21 years that has added to scientific knowledge," the scientists' 1,485-page report said bluntly.
The \$500,000, two-year study, conducted for an Air Force weary of the "flying saucer" headache, said "further extensive study of UFO's probably cannot be justified" at this point in the interest of science.

The three-volume report went along with the Air Force's long-held position that no evidence exists indicating that UFO's pose a hazard to U.S. security. The service, however, had no comment on it.

The scientists, headed by Colorado's Dr. Edward U. Condon, acknowledged their conclusions are bound to stir new controversy among flying saucer-believers as well as other dedicated scientists who want to keep an open mind on the matter.

One of several flying saucer groups - the National Investigations Committee on Aerial Phenomena - scheduled a Friday news conference to discuss the long-awaited "Scientific Study of Unidentified Flying Objects." The group charged last May the Condon study lacked impartiality.

But the report won the "unanimous approval" of a National Academy of Sciences panel which was asked by the Air Force to review it in a "further independent check."

The panel found the study "adequate" in scope, its methodology and approach well chosen and concurred in its evaluations and recommendations.

Among the study's major points:
"No direct evidence whatever of a convincing nature now exists for the claim that any UFO's represent spacecraft visiting earth from another civilization."

About 90 per cent of all UFO reports "prove to be quite plausibly related to ordinary objects" such as airplanes, satellites, balloons, street lights, beacons, clouds or other natural phenomena.

Defense needs probably could be carried out "without the continuance" of the Air Force's Project Blue Book which has investigated UFO reports since 1947, but this is a matter for the Pentagon to decide.

Suggestions by some people that the government possesses extraterrestrial spacecraft and has their crews in secret captivity some are "fantastic nonsense."

Allegations the government has attempted an official cover-up of the flying saucer matter have "no factual basis whatever."

Some public school students are being "educationally harmed by absorbing unsound and erroneous" reading materials on UFO's, and "we strongly recommend" teachers stop giving them credit for reading saucer books and articles.

Pryor Wants Programs Studied

WASHINGTON (AP) - A bill to establish a commission to determine what federal programs should be continued and the priority they should be given in allocating funds was introduced Wednesday by Rep. David Pryor, D-Ark.

The 12-member commission, made up of persons outside the government, would try to determine which programs are effective, should be continued and in what order they should receive funds.

"With several hundred federal grant programs administered by 21 departments and agencies and 125 bureaus and divisions, we know that inefficient overlap and confusion have sometimes been the order of the day," Pryor said.

Pryor said he hoped the commissions finding would result in streamlining and consolidating certain programs and in eliminating those that are considered wasteful.

Israel Not Worried Over French Action

By HAL MCCLURE
Associated Press Writer
JERUSALEM (AP) — The Israeli Foreign Ministry says Israel is a "one-sided and arbitrary breach" of French-Israeli agreements and eliminates France as a potential peace-maker in the Middle East. One expert minimized its effect on Israel's military machine. France announced Tuesday that it had cut off delivery of all military equipment to Israel, including spare parts for the Israeli air force's French Mystere and Mirage jet fighters.

Diplomats in Paris viewed the embargo as an effort by President Charles de Gaulle to pressure Israel into accepting a Soviet peace plan for the Middle East. But Israel has already rejected the Soviet proposal, and there was no indication that it might reconsider.

THOUGHT FOR THE DAY

A very tiny courtesy
I found to do today;
'Twas quickly done, with none to see,
And then I ran away . . .
But Someone must have witnessed it,
For — truly I declare —
As I sped back the stony path
Roses were blooming there!

The late Douglas Drury was or may not have been the best bridge player in the world but he was mighty good. Furthermore, there never was a nicer partner or opponent. His principal contribution to bridge is the Drury Convention which is used by a great many players. Jim uses it. Oswald doesn't but admits that it has considerable merit.

Today's hand shows the Drury Convention at its best. The fact that North holds clubs for his two-club call is coincidental. The two-club bid shows heart support and asks partner to rebid to two diamonds with a minimum or subminimum, to bid two hearts with a sound hand or to jump with a really good opening bid.

Hence, South's jump to three hearts. With a weaker hand North would sign off at four hearts but he has a maximum pass. True, he only holds three hearts but he has two aces and can well afford to bid four clubs to show a maximum holding with slam possibilities. That four-club bid is enough for South. He makes no effort to get to seven since it would be too much to expect to find his passed partner with the right cards for a grand slam.

There is little play to the slam contract. All lines will succeed but the best is what South adopted. He won the trump lead in dummy, played a diamond to his ace, ruffed a diamond in dummy, returned to his hand with a spade, ruffed his last diamond, got back to his hand with his other top spade and drew trumps.

Then he spread his hand announcing that he would make an overtrick in the event that West held the king and queen of clubs and queen of spades or five clubs on an honor plus that same queen of spades. This was a typical expert claim. He risked nothing by making it since he was going to run off all his trumps in any event and there was that possible squeeze against West.

A—Bid three no-trump. There is no need to insist on playing this hand in a suit contract. It would be wise to bid three hearts but your partner might pass.

DOCTOR'S MAILBAG

Avoid Overdosage Of Female Hormones

By WAYNE G. BRANDSTADT, M.D.

(Last of Three Related Columns.)

Q—I had a Pap test four months ago which was negative. After 18 months without any menstrual periods I have had a little bleeding for the last two months. What could cause this? Is an operation necessary?

A—Women in the menopause are often given female hormones by their doctors. An overdose may cause uterine bleeding. If the dosage is properly adjusted and the bleeding persists some doctors recommend surgical removal of the uterus.

Q—I am past 51. I recently had a D and C to control uterine bleeding. How does this operation help? Could a D and C make the periods stop permanently?

A—Dilation and curettage (scrubbing) of the uterus is done to remove polyps and other possible causes of bleeding. In a woman not yet in the menopause it would not cause a cessation of menstruation.

Q—I am 55 and had a Pap smear that was negative. My doctor says I need a scraping. What could be the reason?

A—Even more important than its use as treatment, a D and C is done to get material for diagnostic examinations.

Q—How does chronic cervicitis affect a woman? Is there any cure?

A—Severe inflammation of the uterine cervix may cause infertility or painful intercourse. The usual treatment is cauterization by heat or chemicals. This treatment is not painful.

Q—My doctor says I have a cervical erosion. Is douching the only treatment?

A—A cervical erosion, contrary to what the term implies, is not a denuding of the cervix but a replacement of one type of lining mem-

brane with another. It may be congenital or it may occur in response to certain hormones — a physiological reaction. It is not precancerous and is rarely seen in women who have passed the menopause. It usually causes no symptoms but may be associated with a vaginal discharge or bleeding, in which case cauterization is sometimes performed. Since douching is now believed to accomplish no good purpose, doctors tend to discourage the practice.

Q—What is a resting endometrium?

A—The endometrium is the inner lining of the uterus. In the interval between menstrual periods it is said to be resting.

Q—I am 60 and have been wearing a pessary for 18 months for a fallen womb. Will it cause cancer?

A—No.

Hope Girls Have Tough Time Winning

By RALPH ROUNTON
Star SportsWriter

Plagued by a lack-luster first half, the Hope Lady Cats had to fight hard before downing the Mineral Springs Senior Girls 42-35 here last night, after the Hope Junior Girls had posted a 34-22 victory.

Presently 5-7 for the season, the Lady Cats really had their problems at the start with defensive switches and rebounds. Clearly the lesser team from comparative scores against like opponents, Mineral Springs surprised even themselves by jumping to a 9-7 lead at the quarter.

Hope fans weren't alarmed, figuring the Lady Cats would run away with the score soon. But they didn't. The deficit went to 13-11, 15-11, 17-11, then to 19-11 with 3:40 left in the half.

For those few minutes, at last, turnovers were eliminated and the guards started showing their colors. Then with 50 seconds to play in the half Sandra Saltee connected with two free throws to put Hope ahead 20-19, and the margin held at 22-21 when intermission took over.

Still Hope couldn't take command of the game, and only an extreme number of fouls charged to Mineral Springs kept the Ladies in control of the ball offensively. With the final segment left to play the Lady Cats led 33-28, and appeared ready to run away with a 12 to 15 point win.

With 3:57 to play Hope had mounted a good 38-29 lead, but the momentum swung back to the visiting Hornets. Forward Linda Green accounted for three baskets, and the 38-29 walkaway was the 38-35 thriller. Mineral Springs could not get closer, however, and four points by Jo McKamie in the last minute of play sealed the win. The box score of leading point-makers appears at the bottom of this article.

Those high-flying Hope Kitty Cats kept their winning streak alive, winning their fourth in a row by clubbing their Mineral Springs opposition 34-22 in the opener at Jones Field House.

Ahead 9-7 at the end of the first period and 17-15 at the half, the Hope girls were guilty of stale play much like the Lady Cats in the following game.

Both squads went purely cold in the third quarter, and when it ended Hope had won it 2-1 and held a 19-16 lead. Mineral Springs stayed close for two minutes of the fourth period at 23-22, before the locals finally hit their form.

Stealing the ball, converting easy baskets and free throws, and showing the confidence that had lacked earlier, it was 9-0 Hope in those happy last four minutes, as the 34-22 win materialized.

Belinda East canned 13 points and Janet McCain 11 to lead the Hope girls, and Betty Rodden had five and Carol Hobson two to add up 34. Lisa Bell netted 15 points to lead Mineral Springs.

Bowl Relieves 9 Years of Frustration

FORT LAUDERDALE, Fla. (AP)—Larry Grantham, one of the three original members of the New York Jets, sees Sunday's Super Bowl game against the Baltimore Colts for pro football's championship as the culmination of nine years of frustration.

"The first three years were years of going no place, disorganization and often bouncing pay checks," said the 30-year-old graduate of Mississippi. In those three years the Jets were owned by the late Harry Wismer and were known as the Titans. The other two still with the club are passes catching ace Don Maynard and Bill Mathis, a running back.

"That all changed with the advent of new owners and Ewbank (coach Weeb Ewbank). We started going places. Injuries set us back last year when we were close to winning. This year we reached the top in our league and the Colts will know they have been in a ball game. Of that I am confident."

Game time for football's Blue Ribbon event in Miami's Orange Bowl is 3:05 p.m. eastern standard time. The game, matching the champions of the National and American Leagues, will be nationally televised by NBC.

The weatherman looks for perfect weather as a sellout crowd of 75,354 sits in on the proceedings between the Colts, who go into the game with a 13-1 record, and the Jets, who topped the younger AFL, with a 11-3 performance.

"In this kind of a game anything can happen," said Grantham, a linebacker who stands six feet and weighs in the neighborhood of 210 pounds. "As I see it, it boils down to whether we can get to Morrall (quarterback Earl Morrall of the Colts) and keep them away from Joe (Namath, Jets quarterback)."

"This is a good solid football club. Our defense will be geared to force the Colts into the mistakes, and then it'll be up to our offense to capitalize on them. Namath has made this club one to be feared."

"I don't know whether I am any better player than in other years, but I know that I have better men working with me on defense—men like Biggs (Vernon), Elliott (John), Rochester (Paul) and Philbin (Gerry). They form a terrific front four."

Grantham, a banker in the off season in his native town of Crystal Springs, Miss., declined to compare the Jets or the Colts with such great teams of the past as the Green Bay Packers and the Chicago Bears. But he took the opportunity to put in a few nice words for Ewbank.

"You can't compare the teams with greats of the past," he said. "It is a different kind of game. Even the shape of the ball has been changed to make the kicking game more effective."

"As for Ewbank, he is master of small details. And when you put all of the small ones together, they become big and important."

While on the subject of the past, Grantham recalled when he broke into pro football. "I signed for a salary of \$10,500 and a \$1,000 bonus," the likeable linebacker said. "The only hitch was that \$1,000 was taken out of my pay check and it wasn't a bonus after all, it just proved to be an advance."

Dwayne Nash led to the downfall of Ouachita. He scored 19 points and pulled down 15 rebounds. Hendrix led 35-33 at halftime, but Ouachita took a brief lead at 62-58 with 2:32 remaining in the game. Danny Sheets paced the Ouachita attack with 17 points.

Ouachita is now 5-2 in AIC play and Henderson is 7-1. Southern State hit 25 of 31 foul shots in the Muleriders' victory over A&M. SSC led 52-43 at halftime and outscored A&M 14-5 early in the second half to sack the game away.

Bill Barnes had 29 points for SSC, followed by Ronnie Tollett with 22 and Mike Williams with 17. Tommy Morrison led A&M with 20 points and Randy Muse added 14. SSC is now 4-3 in AIC play and A&M is 2-5.

State College held a 49-39 halftime advantage then went on to its 21-point victory over Ouachita. Mike Bridges and Tom McKinney each scored 20 points for SCA. Bob Chance had 17 for Ouachita.

Bill Cossey flipped in 23 points as Harding whipped Arkansas College. Bobby McKee led Arkansas College with 21 points. Harding led 29-23 at halftime.

Paul Brown and David Combes each meshed 27 points to pace Tech over Tougalo.

Hope's B Boys Score 55-50 Win

By RALPH ROUNTON
Star SportsWriter

Repeatedly forced to play catch-up ball, the Hope "B" Lizards roared to a 55-50 victory over the Mineral Springs Hornets last night in Jones Field House, as all three Hope teams in action won their games.

This contest broke away from the usual high-scoring efforts in the "B" Lizards' games, and with the premium on defense fans enjoyed a game which was very close all the way.

Ronny Brown and James Simmons led the way for Hope as the teams battled to a 6-6 stand-off in the first three minutes. Then playmaker Ronnie Massanelli hit four consecutive free throws to send Hope out front 10-6.

The Hornets bounced back with three baskets by guard Steve Clark to move ahead 12-10, and when the quarter's end stopped the action, things were knotted up at 16-16.

A pair of layups by Massanelli, who is improving greatly with each game, and two charity shots by Brown shoved the "B" Lizards out to a 22-16 edge, but slowly Mineral Springs fought back. Capitalizing on Hope turnovers, the visitors quickly pulled within one at 23-22, and it took a late swisher by Ronny Brown to tie it up at 27-27 at halftime.

Easy two-pointers by Clark and Bobby Jester put the Hornets on top 31-27 before Johnny Johnson broke the ice for Hope with a ten-footer at 3:22 of the third period.

Several minutes afterward the "B" Lizards had evened the board again at 35-35, where it stayed for over 2½ minutes of sloppy playing. At the end a free shot by Ricky Putman gave Hope a 36-37 lead entering the last quarter.

Mineral Springs nearly ran off with it here, as two free throws by Kenny Horn with 5:40 left put the locals on the short side of a 43-40 situation. They lost the momentum immediately, as Simmons knocked the bottom out of the net twice in ten seconds to change the lead around at 44-43.

Not quelling there, Hope got two buckets by Brown and a swisher by Putman from 20 feet to make the 10-0 spree complete at 3:10 with a 50-43 margin. From that point, though, Hope just couldn't lock it up.

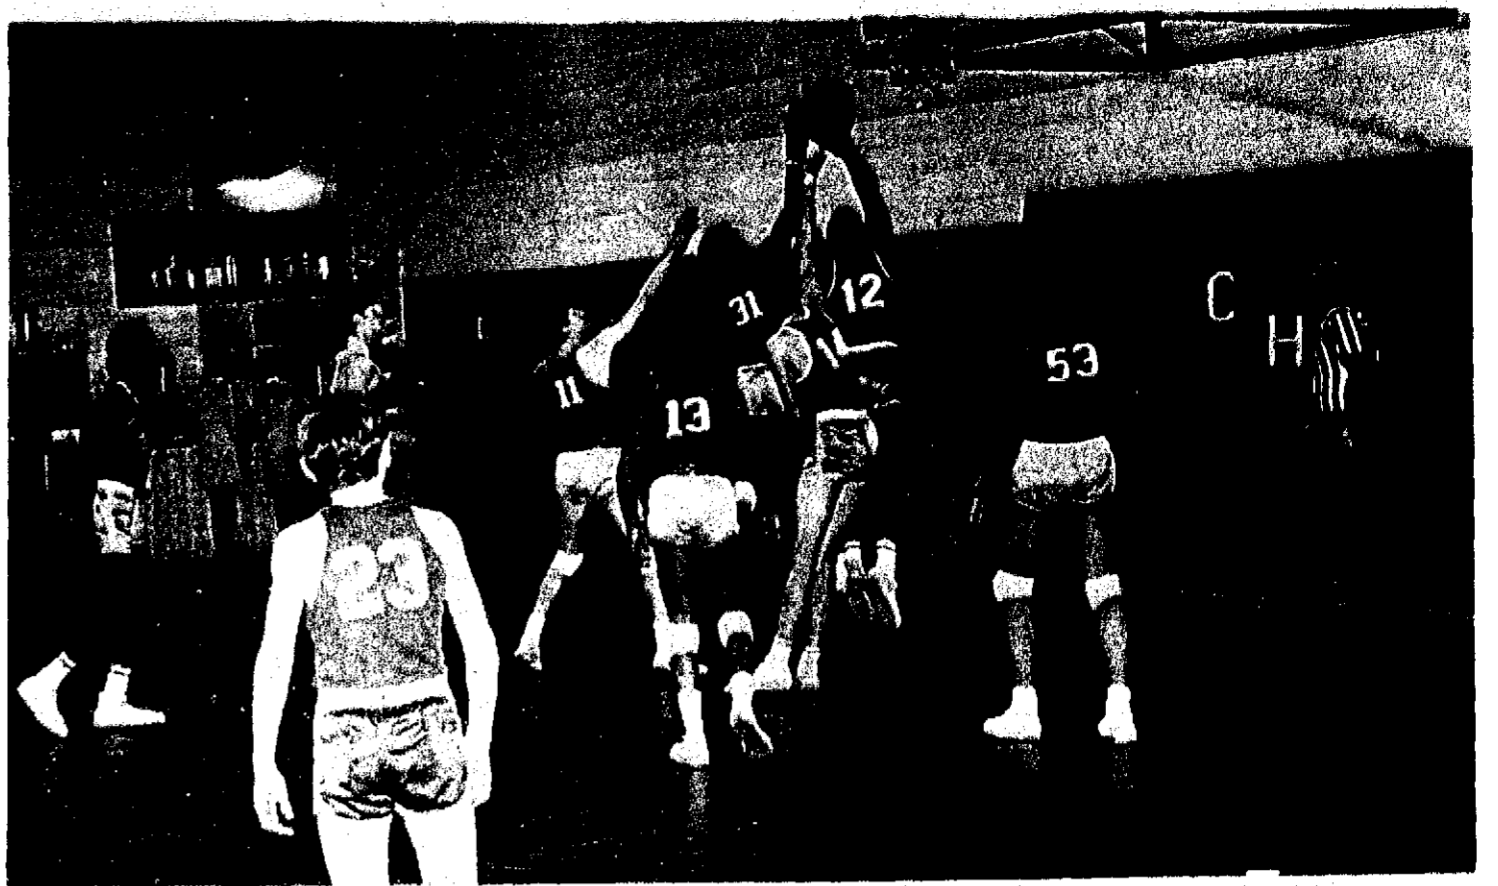

First the deficit for Mineral Springs was cut to four, then three, as the "B" Lizards sported a 53-50 bulge with 0:37 on the clock. Hornet Terry Bell was fouled while shooting, but missed both.

Both shots to give the ball back to Hope with the same three-point lead, Massanelli and Danny Reyenga contributed foul shots in the closing seconds to measure the 55-50 win.

Tonight is a big night for the Bobcats, as the 4-A Western Division scheduled opens with Hope at Camden Lincoln to face the Tigers. That persistent flu bug seems to have passed its peak on the Bobcat squad, but starter Terry Turner still hasn't returned to school.

A junior boys game starts things going tonight at 6:30 in Camden, Texarkana Washington invades Jones Field House for another 4-A Western game tomorrow night, with only that one game to be played. The Washington junior high team forfeited to the Hope Bobcats because of a city junior tourney Saturday in Texarkana. That Washington game probably will have a 7 p.m. tipoff, but the official time will be in tomorrow's Star since the possibility exists of southern

Drake, Irish Improve Their Standing

Notre Dame and Drake, the only nationally ranked college basketball teams in action Thursday, moved to improve their second 10 positions, while top-ranked UCLA gathered its awesome forces for the opening of the Pacific Eight Conference race.

The unbeaten Bruins visit Oregon Friday night in quest of their third consecutive conference title, a stepping stone to a third national title.

They warmed up for it earlier in the week, with Low galcinder sitting out a good portion of the game as a disciplinary measure. He was yanked by coach John Wooden after throwing a ball in anger.

"We've got the conference race coming up," Wooden said, "and I don't want these officials thinking I can't control my team."

Notre Dame, No. 17 nationally, and Drake, No. 18, had just enough control Thursday, Drake edging fired 19 Wichita State 86-81 and Notre Dame taking Butler 76-73.

Drake's home court victory pushed its Missouri Valley Conference lead to 3-0, but the Bulldogs had to come from behind to do it.

Action became so intense midway through the second half that one aroused spectator came out of the stands and took a punch at the referee.

Wichita held a 77-76 lead with less than five minutes to go. But Willie McCarter, who led Drake with 24 points, 16 in the last half, scored the key basket that gave the Bulldogs an 82-79 margin and they held on from there.

Hog's Barnes to Play in Senior Bowl

MOBILE, Ala. (AP)—An offensive backfield which could be termed a "Texas Terror" has been named to start for the South squad in Saturday's nationally televised Senior Bowl scrap.

South Coach Charley Winner of the St. Louis Cardinals and North Coach Aile Sherman of the New York Giants put their college all-star teams through light, short workouts today after announcing the starting line-ups.

In the South offensive backfield it's all Texas and on the line it's the Southeast with one exception.

At quarterback will be Edd Hargett of Texas A&M, at half-back Ross Montgomery of Texas Christian, university, at full-back is Paul Gipson of Houston, and in the flanker spot is Jerry Laydas of Southern Methodist.

Operating in front of the Texas foursome are Ron Sellers of Florida State at split end and Bob Hamlett of LSU at tight end. Jim Barnes of Arkansas and Billy Rhodes of Florida State are the starting tackles.

Victory a Must Tonight

By PAUL RIDINGS

A "don't quit" attitude won the Southwest Conference basketball championship for the TCU Horned Frogs last season.

And, the Purples must show that same attitude tonight if they are to keep alive their hopes of repeating as crown winners.

The Baylor Bears, the team the Frogs had to edge out in the SWC finale last year in Waco to take the crown, come to town tonight to battle TCU at 7:30 p.m. in Daniel-Meyer Coliseum.

The Bears are tied for first place in the league after defeating SMU 69-67 in Baylor's SWC opener last Tuesday night.

The Baptists own the best season record in the conference as they've won eight and lost only two.

Baylor Victory

The Frogs, meanwhile, are foundering in the SWC cellar after dropping close games to SMU last Saturday and Texas last Tuesday. The Purples have lost their last four games in a row and own a 6-5 season record.

Forward Larry Gatewood's shooting and all-SWC Tommy Bowman's rebounding spurred the Bears to their opening league victory over SMU Tuesday night.

Gatewood, a 6-5 junior, pumped in 25 points and Bowman, the 6-4 winner of sophomore-of-the-year honors last season, pulled down 18 rebounds and scored 13 points.

The pair sparked a Baylor comeback in the last 11 minutes of play after trailing the Mustangs. SMU's Phillips boys—Gene and Lynn—gave the Bears lots of trouble all the way. Gene scored 28 and Lynn made nine and collected 15 rebounds.

Both of Baylor's guards, Eddie Frazier and Richard Scallorn, were also in double figures, scoring 13 and 10 respectively.

Baylor is tied for first place in the conference with Arkansas, Texas and Texas A&M.

The Hogs had to nip a late Owl rally for a 67-62 triumph in Houston last Tuesday night. With 16 seconds remaining the Owls had narrowed the margin to 62-60.

Texas A&M also had to hold off a late rally in their 85-84 victory over Texas Tech in College

Station Tuesday night. Down 18 points at one time, the Raiders cut the Aggie lead to a point with seven seconds left. But the Farmers stalled the game away.

Two SWC Losses

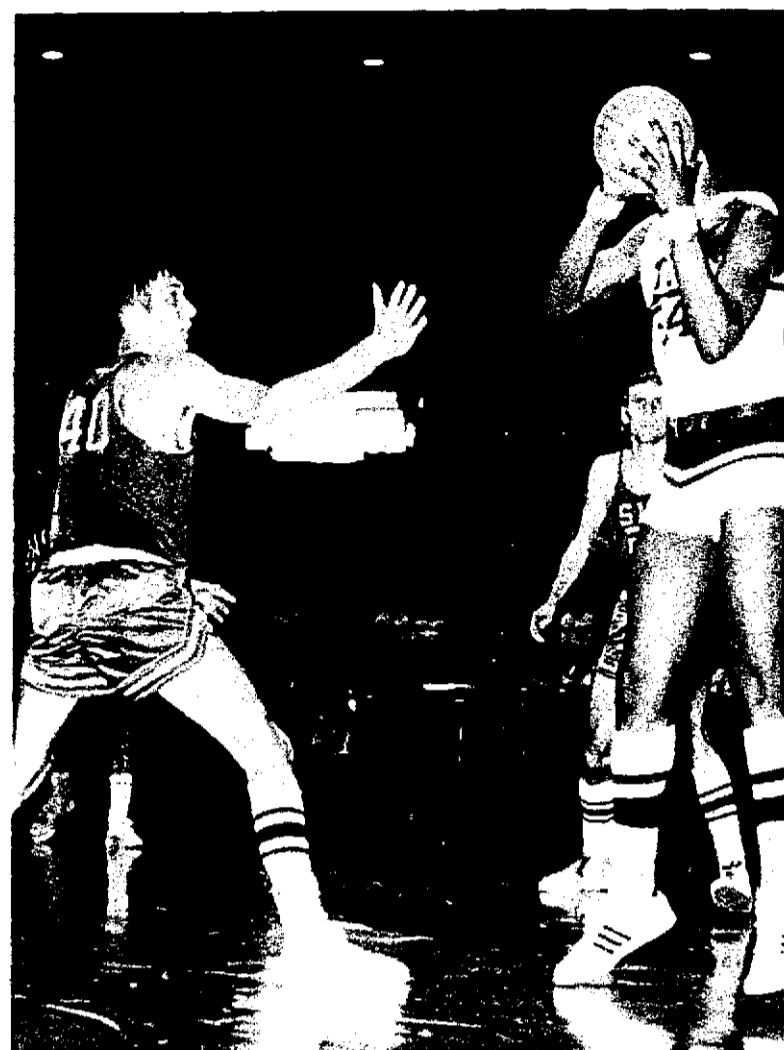

Poor free throw shooting and inconsistent play on defense have hurt the Frogs in their two conference losses.

In the two games combined, the Frogs have managed only a 65.7 percentage from the free throw line. Meanwhile, their two opponents have hit 77.2.

But Frog hopes improved last Tuesday night with the return of senior forward Tom Swift to the lineup. Swift had not seen action since the fourth game this year because of an ankle injury and the Purples certainly missed him.

Against Texas, Swift contributed eight points and six rebounds before fouling out.

Center James Cash leads TCU scoring in Southwest Conference play with a 16.5 average. Others in double figures in SWC play are Rick Wittenbraker, 14.5, Bill Swanson, 12.0, and Doug Boyd, 10.0.

SMU'S BILL VOIGHT PUTS PRESSURE ON CASH Mustang forward's shooting, rebounding hurt Frogs

Miserable Night at Line Gives Frogs Second Loss

Poor free throw shooting caused TCU to fall to Texas 63-50 in Austin last Tuesday night.

The loss marked the 10th straight year the Frogs have fallen to the Longhorns in Austin and the fourth straight defeat for the Purples this year. TCU is now 0-2 in Southwest Conference play and 6-5 for the season.

The Christians hit only nine of 17 from the free throw line for a miserable 52.9 per cent. Texas was deadly from the line, bagging 23 of 27 for an 85.2 mean.

Free throw shooting had to be the difference as the Frogs scored five more field goals than did the Longhorns.

Still, the Purples were in the ball game almost all the way. Only in the last four minutes did the Horns pull ahead as they outscored TCU 8-4.

With 4:03 remaining, center James Cash's lay-up tied the game 55-55. TCU managed only two more buckets the rest of the game as Texas went into a cautious offense, waiting for, and getting, the good shots.

The Longhorns played so cautiously in the second half that they took only 12 shots, making eight of them.

The Horns, however, came out extremely lucky in the personal foul department. By halftime, three of their starters—Kurt Papp, Wayne Doyal and Bruce Mottley—had been charged with three fouls apiece. Early in the second half, both Doyal and Mottley drew their fourth fouls. Then neither drew another personal the rest of the night. Meanwhile, the Frogs, who didn't have a man with over two fouls at halftime, had two starters foul out in the second period.

Cash was the leading scorer and rebounder in the game with 20 points and 12 rebounds. Doug Boyd and Rick Wittenbraker were also in double figures for TCU with ten and 11 points, respectively.

Wogs, Cubs Play Tonight

Baylor and TCU's freshman basketball teams will battle tonight at 5:30 p.m. in Daniel-Meyer Coliseum in a preliminary to the varsity contest at 7:30.

TCU's Wogs are currently 1-4 after being run over by the best freshman team in the conference, the Texas Yearlings, 94-65 last Tuesday night.

A 52-point explosion carried Texas to the decisive victory.

Center Ken Hough and guard Dennis Kinney led TCU's scoring with 11 points each.

Holidays Rough For Basketballers

The holidays were rough for the Horned Frog basketballers.

On a swing through California and Nevada the week after Christmas the Purples lost two of three games. Then TCU returned home and fell to SMU in their opening Southwest Conference contest.

About the only thing the Christians won in their tour west was second place in the California Winter Classic in Santa Barbara.

In the first round Dec. 27, TCU edged Loyola of New Orleans, who the Frogs had defeated earlier this season by 14 points. Guard Bill Swanson's driving lay-up with five seconds left in the game gave TCU a 78-76 victory.

At the end was the only time in the game the Frogs were ahead. Center James Cash had tied the score 76-76 with a three point play with 57 seconds left.

The Purples trailed Loyola 45-39 at the half and were behind by as much as 16 points in the second half before the Frogs began closing the gap.

UCSB Upsets Frogs

In the tournament championship game the next night, an underrated University of California at Santa Barbara five upset the Frogs 83-81 to take the crown.

UCSB outshot and outrebounded the Frogs as only good free throw shooting kept the Purples in the game. The Gauchos are the only team who have outrebounded TCU this year.

Still, the Frogs almost pulled this one out as, trailing 73-63 with four minutes left, TCU closed the gap to 81-79 on Doug Boyd's lay-in with 40 seconds left.

About 20 seconds later, UCSB's captain Steve Rippe sank two clutch free throws to make the score 83-79. The Frogs' Mike Sechrist cut it back to two points, 83-81, with two free throws, but Norm Wintermeyer's desperate last second shot hit the rim and bounced away.

Sixth Time Out

The fantastic speed of Nevada Southern combined with some poor TCU ball handling and a little homer officiating gave the Purples their third two-point loss of the season, 97-99, Dec. 30 in Las Vegas, Nevada.

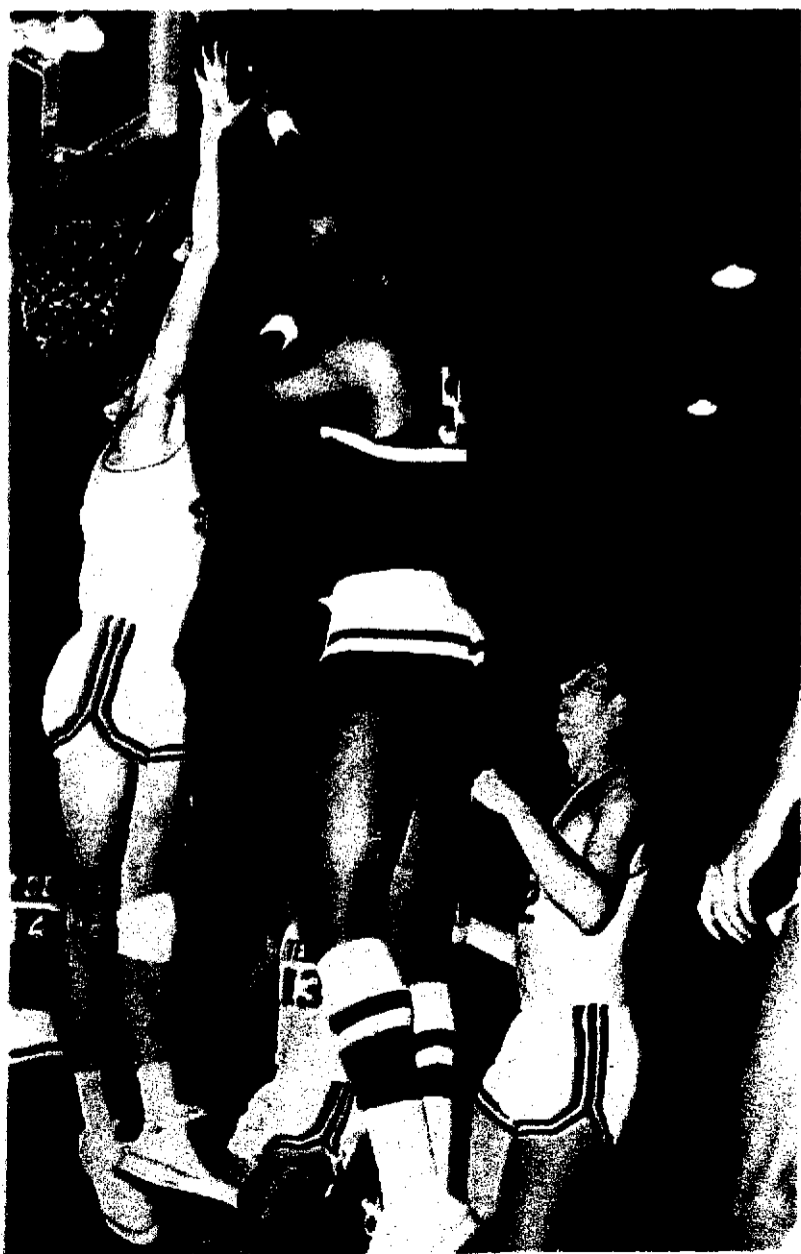

A technical foul for calling a sixth time out, one more than the rules allow, killed Frog hopes of a story-book finish to their Southwest Conference opener here Jan. 4.

Trailing by five points with 39 seconds left, the Frogs suddenly cut the gap to two on a spectacular three point play by Swanson after the guard made a steal.

With 19 seconds left, Swanson fouled SMU's Gary Sibley, who missed the free throw. Cash grabbed the rebound and the Frogs quickly called time out. It was their last allotted time out.

The Frogs brought the ball down quickly and threw it inside to Cash, whose jump shot just missed. Wintermeyer and SMU's Bill Voight tied up trying to get the rebound.

The tip was grabbed by TCU's Rick Wittenbraker who quickly called for the sixth time out, giving SMU a free shot and the ball.

Nixon's New Cabinet
The most significant thing about President-elect Richard Nixon's Cabinet is that it will bring together a team of moderates, many of whom are self-made men who have earned their positions in American politics and commerce.

Nixon, of course, has had eight years' experience in the federal government, realizes the problems and the potential. His appointments reflect this; they indicate that he has picked a team he is confident can do the job which needs doing.

Cabinet members have to be confirmed by the Senate, which is predominately Democratic. Yet we foresee no difficulties with any of the individuals named. Most of them have the experience, the ability needed, and we would guess confirmation will be quick and routine.

As the president-elect himself pointed out, while the group he selected has had experience in government "for the past eight years, not one of them has been in Washington on a permanent basis. Consequently, they will come to Washington new men with new ideas."

We find this encouraging. We have needed some new men with new ideas, men not afraid to face problems and do something about them. In short, we are optimistic about the next four years — even more so today than we were the morning of Nov. 6 when it became official that Richard Nixon was to be the next president. — Orlando (Fla.) Sentinel

Post-Yule Thought

Not that Christmas is over and we can go back to being crotchety we suggest to some of our business friends that while a dollar doesn't buy what it used to, it's still a dollar. We noticed in the Washington Post an advertisement for an AM-FM stereo radio for "Only \$599.99."

"Only" \$599.99 is still six hundred hard-earned bucks, no matter how you count it out. Although there may be some people who can shell out that amount without blinking an eye, it's insulting the intelligence of a good many folks to describe \$599.99 as "only." Even in Washington, D. C., where money gets spent like it's going out of style, — IER.

Amnesty Is Extended to Negroes

WALTHAM, Mass. (AP) — Amnesty was extended again today for militant Negro students defying a court order to vacate the Brandeis University communications center.

A delegation of the munitious students met with President Morris B. Abram who said he was extending the 9 a.m. amnesty deadline pending outcome of the meeting.

The meeting went on under the shadow of a threat by the Negroes to burn down every building on the campus.

Approximately 200 students, mostly white, marched around the captured communications center in support of the action.

Laurel-Hardy Type Steal a Lot of Meat

BUDAPEST, Hungary (AP) — A Hungarian Laurel-and-Hardy type pair of truck drivers cheated a meat processing plant for half a year by manipulating with their own weight in order to get away with lots of meat.

But it all ended in a tragedy when the lighter man started adding weight to his 154 pounds, and, in an argument, was stabbed to death by his enraged 220-pound companion, now being tried.

The system of the two was simple enough — when driving to the slaughter house the fat one sat in the driver's seat to add his weight to that of the empty truck. Then, with carcasses of meat aboard, the thin chap took over the wheel while the truck was weighed.

MILITARY HEADS in the Nixon administration were named by Defense Secretary-designate Melvin Laird who retained Stanley R. Resor, left, as Army secretary and announced appointment of three-term Rhode Island governor John H. Chafee, center, as Navy secretary, and Dr. Robert C. 44 Arkansans Aid to Family of Man Killed While Pursuing Lowly Purse Snatcher

LITTLE ROCK (AP) — The 70 Eastern Airlines passengers, including 44 from Arkansas, who were hijacked to Cuba Thursday, were returned to Miami late Thursday night.

Eastern Airlines had a jetliner standing by in Miami to take the passengers on to Nassau, their destination when the hijacker took command of the airplane shortly after it departed Miami Thursday afternoon.

The hijacked plane, its crew and two passengers, Mr. and Mrs. Keith Thrash of Little Rock, were allowed to return first. An Eastern Airlines spokesman said Cubans apparently allowed the Thrashes to return because of illness.

Union Life Insurance Co. confirmed Thursday that the Arkansans were aboard the plane.

They were among 50 couples en route to Nassau for a sales conference. The company said the other 56 Arkansans took different flights.

Little Rock Mayor Haco Boyd of Little Rock and his wife were among those on the hijacked plane.

"They treated us real well in Havana," Boyd said. "They gave us the blue plate special treatment."

Boyd said everything was "just fine, no sweat it's just one of those things."

Boyd said the hijacker, man who said he was a student at Purdue University, was "a rather decent looking person, except for his nose and his mouth, which were a little weak."

Another of the passengers was Ron Ownbey, Union Life agent at Russellville. He described this scene:

"We were about 10 minutes in flight a gentleman in the back of the cabin appeared to

Husbands Often Dwell in Doghouses for Long Periods, Wives Don't

By HAL BOYLE
NEW YORK (AP) — Jumping to conclusions: Husbands often dwell in doghouses for long periods of time, Wives rarely do. Why is this? The reason is that when a man is wrong he realizes it, feels guilty and therefore thinks it only fair that he be punished. A woman, on the other hand, rarely admits she is totally wrong about anything and sees no reason why she should submit to being sentenced to the marital doghouse.

Looking back over their lives, most men think they reached the golden prime of manhood at the age of 25. Most women, however, feel they were at their best during their high school or college years.

Ticker Tape Parade for Astronauts

NEW YORK (AP) — The Apollo 8 astronauts came to New York today to take another spectacular ride, this time through the "Canyon of Heroes" amid a blizzard of ticker tape.

A daylong program of honors and festivities await the first men to orbit the moon.

The spacemen, Air Force Col. Frank Borman, Navy Capt. James A. Lovell Jr., and Air Force Lt. Col. William A. Anders, with their wives and children, arrive at LaGuardia Airport at 11:15 a.m. EST. They were in Washington Thursday.

Plans called for them to travel by motorcade from the airport to Whitehall Street in lower Manhattan, where they transfer to open cars and start up Broadway to the City Hall. This is the "Canyon of Heroes."

Three of their predecessors in space traveled this route, cheered by millions of New Yorkers. They were Lt. Col. John Glenn Jr., the first American sent into orbit, in 1962, and the late Virgil I. Grissom and John W. Young, the Gemini astronauts, in 1965.

Cool but clear, sunny weather was forecast.

City and state government officials mapped this schedule following the ticker tape parade: 12:25 p.m. — Receive from Mayor John V. Lindsay the Gold Medal of the City of New York.

1:10 — Guests of honor at an official city luncheon in the New York State Theater in Lincoln Center. Authorities said some 700 guests had been invited.

3:10 — Enter the Waldorf-Astoria hotel.

4:30 — Visit the United Nations.

7 — Official reception and state dinner given by Gov. Nelson A. Rockefeller.

The governor's office said some 3,000 invitations had been sent. Accompanying the astronauts are Borman's wife Susan and their sons Frederick, 17, and Edwin, 15; Lovell's wife Marilyn, 15; James, 13, and Susan, 10; Anders' wife Valerie, and three of their five children, Alan, 11, Glen, 10, and Cayle, 8.

Ice Thickens at Frozen Peace Talks

By WILLIAM L. RYAN
AP Special Correspondent
PARIS (AP) — The ice has thickened around the already frozen positions of delegations to the Vietnam peace talks. Hopes of a thaw before the Jan. 20 inauguration of a new American president have all but vanished.

If there is any chance at all for a break in the ice, it seems more likely to come from Saigon than Paris. But South Vietnam's representatives have repeated emphatically that they reject any formula for a conference which affords the Viet Cong's National Liberation Front a semblance of equality with the Saigon government.

A communique issued Thursday night by the South Vietnamese delegation said Saigon "will not accept any formula or any arrangement which confers on the self-styled NLF a status of equality with the participating governments."

If Saigon sticks to its guns — and there is every indication it will — the conference cannot be started short of opening in the absence of Saigon, which is highly unlikely.

Saigon demands a clearly visible line at any conference table to indicate to the world that there are two sides involved, and not four. To accept anything less, say the South Vietnamese, would be to provide an opening for the Front to claim at least quasi governmental status.

Except for "working sessions" at lower levels between the Americans and South Vietnamese, the machinery of the talks has been at a standstill for days.

North Vietnam and the Front reject any seating arrangement which falls to suggest four sides in the talks.

The Americans and the South Vietnamese deny that the Johnson administration is exerting pressure on Saigon to ease its stand. But it seems clear that the South Vietnamese expect at least more sympathy for their position when Henry Cabot Lodge succeeds W. Averell Harriman as chief U.S. negotiator, after Richard M. Nixon becomes president.

Group Pleads for Increase in Fgn. Aid

NEW YORK (AP) — The New York Times said today that a presidential committee has advised President-elect Nixon that an increase in foreign aid can reduce the threat of violent upheavals in underdeveloped countries.

The President's General Advisory Committee on Foreign Assistance Programs reported that it "does not believe that the United States can live securely in a world in which the poor countries are unable to raise living standards at least as rapidly as the rich countries," the Times said.

Jaycees at Texarkana Rap Station

TEXARKANA, Ark. (AP) — The Texarkana Jaycees have complained to the Federal Communications Commission that television station KTLA-TV is not giving sufficient coverage to Texarkana.

The complaint alleges that the station's license, says its principal city is Texarkana but the Palmer Media group facility identifies itself as a Shreveport-Texarkana station.

The Jaycees contend that the station's news programs range from 13 to 18 minutes and that Texarkana is allotted only one to two minutes. The complaint also says Texarkana is slighted in sports coverage, weather reports and other programming.

The Jaycees say about 59 of the station's 63 employees work at the Shreveport station and that the station has "knowingly and willingly violated its license."

Civilian, Couple of AF Officers Picked for Landing on Moon

By MIKE ROUSE
Associated Press Writer
WASHINGTON (AP) — A civilian and two Air Force colonels who have walked in space will fly the Apollo 11 mission, the first scheduled attempt by the United States to land men on the moon.

The civilian astronaut, Neil A. Armstrong, will command the spacecraft, tentatively set for launching in July, the National Aeronautics and Space Administration said Thursday, in announcing the selection of the crew.

Armstrong and Col. Edwin E. Aldrin Jr. are to descend to the moon in a Lunar Module from the main spacecraft. The main spacecraft will remain in lunar orbit, piloted by Lt. Col. Michael Collins.

Armstrong, who has survived two near disasters since becoming an astronaut in 1963, is a former test pilot for the X-15 rocket plane and was a Navy combat flier during the Korean War.

In choosing the three 38-year-old space veterans for the mission, NASA passed up the Apollo 8 astronauts who made the first lunar orbital flights last month.

But two of these, Navy Capt. James A. Lovell Jr. and Air Force Lt. Col. William A. Anders, have been named to the Apollo 11 backup crew. The other, Air Force Col. Frank Borman, is being assigned to ground work at his own request. He will become deputy director of crew flight operations.

Rookie astronaut Fred Haise is the third man on the backup crew.

Space agency officials did not say why Anders and Lovell were not named to the Apollo 11 mission, but the NASA practice has been to spread choice assignments among astronauts qualified for them.

The Apollo 11 launch date is July 15, but when it goes depends upon the results of the Apollo 9 and 10 missions.

Apollo 9, now set for launch Feb. 28, will be an earth orbit of the lunar module of the type in which Armstrong and Aldrin are to land on the moon.

It will be the first manned test flight of the capsule, and if all goes perfectly, NASA officials say there will be no need for Apollo 10. This test, now scheduled for May 17, would be a moon orbit of the lunar module. If it is skipped, the Apollo 11 flight may be moved up to mid-June.

191,307 Cong Killed, Claim Vietnamese

By GEORGE MCARTHUR
Associated Press Writer
SAIGON (AP) — The South Vietnamese government claimed today 191,307 Viet Cong and North Vietnamese troops were killed in 1968, nearly six times allied losses.

But North Vietnam called 1968 "the best year so far in the Vietnamese people's struggle against U.S. aggression."

The Saigon government put South Vietnamese losses last year at 17,486 killed. The U. S. Command has not released official figures for the year, but American battle deaths through Dec. 28 were 14,521.

Despite its claim of heavy losses suffered by the enemy, the government in a year-end review estimated total enemy strength at 300,100 Viet Cong, North Vietnamese and political cadre. It claimed 151,000 North Vietnamese troops had infiltrated the South in 1968 — an assessment vastly different from unofficial U. S. estimates of 225,000 to 230,000 men.

The U. S. Command does not publish official estimates of enemy strength, but reliable American sources said the South Vietnamese estimate was considered "high."

In addition to those killed in action, the Saigon government said the enemy lost 21,050 men taken captive and 17,597 who defected under the "Open Arms" program. This accounted for a total enemy manpower loss of 229,954 last year, the government said.

However, it claimed that all but 20,000 of these men were replaced by the enemy command.

But the report said the average battalion of Communist troops now is operating at half-strength and "their fighting capability is now very limited compared with that of their battalions in 1967."

Viet Cong gunners zeroed in on the airfield outside Can Tho, in the delta, a delta airfield at Soc Trang; an American artillery base near the Cambodian border northwest of Saigon, and a South Vietnamese regimental headquarters at Quang Ngai airfield in the far northern war zone.

None of the attacks did much damage or caused serious casualties.

The U.S. Command said 60 mortar and bazooka shells raked the asphalt tarmac and the frame administration buildings of Binh Thuy airfield, just outside the main delta city of Can Tho, before dawn.

Binh Thuy, about 80 miles southwest of Saigon, is the air logistics hub for the Mekong Delta and houses the biggest concentration of assault helicopters used for operations in the rice-rich area.

Shortly after Binh Thuy was hit, a 20-round mortar barrage fell on the district town of Phong Dien, about eight miles away.

Helicopter gunships and twin-engine "Spooky" aircraft with quick-firing machine guns raked the enemy firing sites fixed by the airfield radar defenses. U.S. and Vietnamese ground forces went out at dawn but found no enemy casualties.

The Vietnamese Command reported Thursday the successful conclusion of a drive through the U Minh Forest.

Policy About Mixed Drinks

LITTLE ROCK (AP) — The president of the Little Rock Jaycees said Thursday he wanted to clarify that the organization does not support or endorse mixed drink legislation "per se."

Hugh Pollard said Arkansas Jaycees have never endorsed a mixed drink bill, but have endorsed "any effort on behalf of the legislature or the governor to clarify our local option alcoholic beverage control laws."
